

We are building a Better Sutton together.

Crime down

Sutton is one of the safest boroughs in London.

The Safer Sutton Partnership - a unique partnership between the Council and Police - has helped make this happen.

Since it was formed crime has fallen 35% and a recent survey found that more and more residents feel safe walking around their neighbourhood.

Crime has fallen 35% here in Sutton thanks to the work of the police and Lib Dem-run Sutton Council

More homes

Finding a place to live at a price you can afford is becoming a pipe dream for too many people.

That's why Lib Dem-run Sutton Council is working to turn those dreams into reality, with plans to build more affordable homes in Sutton.

We're also working to bring empty homes back into use, so they don't go to waste.

Everyone should have a home to call their own. Lib Dems have plans to build more homes across Sutton

Better schools

Sutton has some of the best schools in the country.

We've worked with local primary schools to build new classrooms and expanded their kitchens to provide free school meals for infants.

We are also developing plans for a new secondary school connected to a world-class life sciences hub and one of the best cancer hospitals in the UK.

We have some of the best schools in the UK here in Sutton - we're working to make them even better

Growing economy

We're building a stronger, greener economy in Sutton.

The Council's 'Opportunity Sutton' programme has attracted over £300 million of investment into Sutton.

Lib Dems have created thousands of new apprenticeships and jobs - and we're working to create even more.

Lib Dems have created thousands of apprenticeships and jobs here in Sutton

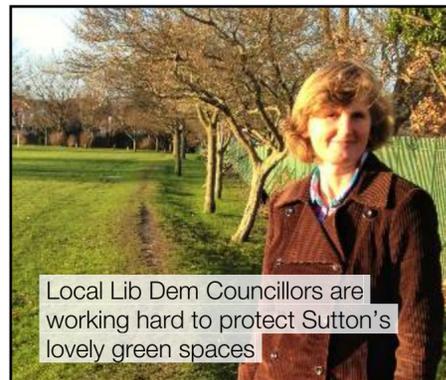

Greener borough

Sutton has so many great green spaces for local people to enjoy.

We're working to make Sutton one of the greenest boroughs in the UK.

Lib Dems are protecting our green spaces for generations to come, phasing out landfill, encouraging recycling and biodiversity and growing Sutton's green economy.

Local Lib Dem Councillors are working hard to protect Sutton's lovely green spaces

Improving healthcare

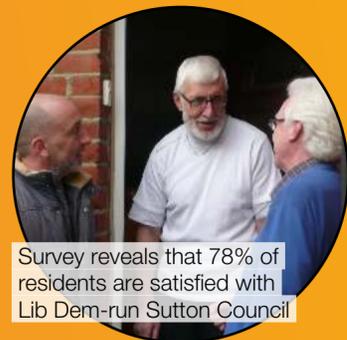

Sutton Lib Dems are working hard to protect important hospital services.

We're working with GPs to provide better healthcare in our community.

And we're taking mental healthcare seriously with more investment and access to talking therapies and counsellors.

Mental health has been neglected for too long - only the Lib Dems are taking it seriously

91% of residents like living in Sutton

A recent poll conducted by independent M.E.L. Research found that 91% of residents like living here in Sutton.

The poll also found that a record 78% of residents are satisfied with the work of Lib

Dem-run Sutton Council - up from 72% in 2009.

Despite having to deal with massive, unprecedented Conservative cuts, satisfaction with the Lib Dem-run Council is at a record high.

Lib Dems are listening to local residents, involving them in decision-making and protecting vital services from cuts.

We have a positive plan to build a better Sutton.

You can help decide how services are delivered - get involved at www.sutton.gov.uk/suttonsfuture

Getting involved in Sutton's future

We all know that the Council has to change services because of cuts from the government.

But here in Sutton we do things differently. We ask you - the residents - what you

value most and how you want services to be delivered.

We listened when you said you wanted to keep Sutton's fantastic theatres and green garden waste collection service - so we did.

Liberal Democrats are different - we want residents to get involved in our area's future and local decision making.

You can get involved too at: sutton.gov.uk/suttonsfuture
