

FOCUS

on Sutton North

Liberal Democrats

From your Lib Dem team Cllr Ruth Dombey, Cllr Steve Penneck and Cllr Marlene Heron

What's your view?

Have your say on Low Traffic Neighbourhood Trial

Get in touch

Let us know your thoughts on the Low Traffic Neighbourhoods scheme online at <https://bit.ly/33HPXHY>

Many residents have contacted us about the Low Traffic Neighbourhood trial in our area.

Some of you are in favour but many more have told us about the problems it is causing. We will continue to listen to your concerns and discuss with Council officers how we can best address them. Please do feed back to the Council with your views at <https://bit.ly/33HPXHY>.

We have seen news reports that traffic in Outer London has increased considerably over the last few weeks

due to people's understandable reluctance to use public transport for school, work and other journeys. As a London borough we have poor access to Underground and Overground networks which means more people rely on their cars. We need to understand how we can protect our residential roads from cut through traffic and encourage more drivers to use the main roads.

We will keep our ward website and our Facebook page (see below) updated with the latest information.

Government to decide on school in Rosehill Park in February

The Planning Appeal into the new school on Rosehill Park has now finished. The Government is appealing against Sutton Council's refusal to grant planning permission.

Steve argued that the park was highly valued by the local community: 'We are providing a superb parkland setting. In return we need a building that respects the heritage of its environment, and will inspire its students.'

Collingwood Road residents campaign for safety measure

Speeding on Collingwood road continues to be an issue.

We continue to be concerned about the speed of traffic in Collingwood Road, the use of the road by heavy lorries, and by buses through the night.

The police have been using mobile cameras to detect speeding traffic, and a camera has been recording heavy vehicles.

Transport for London are to remove their confusing signs at the by-pass entrance, so that the 20mph and 7.5Tonnes signs are clearly visible.

We are now surveying residents in the road on what further measures they would support.
